NOTICE OF DECISION NOT TO PROCEED

Subject: Emergency Conveyance Fee Reduction
Section 344.30, Conveyance Inspection Program Fees, Title 8, California Code of Regulations

The Department of Industrial Relations, Division of Occupational Safety and Health ("Division"), hereby gives notice that it has decided not to proceed with the readoption of the Conveyance Fee Reduction emergency regulation adopted effective January 30, 2017 (OAL File No. 2017-0120-02 EFP). The emergency regulation amended section 344.30 to reduce most elevator fees by 25%. The emergency regulation will expire on October 31, 2017. On October 31, 2017, all conveyance fees will revert to the amount they were prior to the Secretary of State's January 30, 2017 approval of the emergency fee reduction regulation. The attached document titled, "Text of Proposed Emergency Regulation" shows the pre-emergency regulation fees with strikethrough formatting, and the post-emergency regulation fees with underline formatting. As a result of the Division's decision not to proceed with the readoption, on October 31, 2017, the Division's conveyance fees will revert to the pre-emergency regulation fee amounts displayed in strikethrough.

If you have any questions regarding this notice, please contact Denise Cardoso, Staff Counsel, at dcardoso@dir.ca.gov or (510) 286-7348.
